Press Release – 4<sup>th</sup> December 2006  
Bulmers

## Bulmers Select TDS' Access Control System

Bulmers the fastest growing drinks brand in the UK and Ireland have selected TDS' Access Control solution to ensure on-site security and safety at their Manufacturing plant in Clonmel.

Bulmers is truly an Irish success story, having grown its share of the beer market from 2.8% to over 10% in less than 10 years, and the brand continues to grow.

The **CoreAccess** Solution will cater for the on-site Access Control requirements of Bulmers providing real-time online control. In addition, the selection of the **CoreSIP** (Safety Information Panel) module by Bulmers, will instantly ensure visitors of the organisation's commitment to maintaining the highest levels of Health & Safety possible.

Bulmers have also chosen to implement the fully integrated **CoreTime** solution utilising TDS' biometric clocking solution. The **CoreTime** solution will cater for both flexitime and shift workers as well as monitoring compliance with the EU Working Time Directive.

This will ensure a single integrated solution for all Access Control and Time & Attendance requirements.

This contract further strengthens TDS' position as a leading provider of Access Control & Time & Attendance solutions to leading manufacturing companies.
