Press Release – 17th December 2010

TDS Become Panasonic Premier Installers

TDS has become a Panasonic Premier Installer of IPro CCTV, further strengthening its position as a leading security system integrator.

The Panasonic CCTV Solution is fully integrated with the **CoreAccess** solution and will utilise the Alarm Management module to trigger playback of CCTV footage at a specific location on the offset of an alarm.

TDS supply and install all Panasonic CCTV equipment, including the Panasonic i-PRO CCTV solution. TDS' CCTV division has the resources and experience necessary to deliver outstanding networked CCTV and security solutions.

The Panasonic i-PRO product range is the fastest growing digital solution in the security industry. The range offers excellent image quality, system compatibility and flexibility, and the high performance associated with a market-leading company. Panasonic is the only CCTV manufacturer in the world to design and manufacture its entire product range, ensuring total compatibility.

TDS' personnel have over 22 years experience in the CCTV industry and are highly trained and certified in the field.

This business venture further strengthens TDS' position as a provider of state-of-the-art integrated security solutions.
