## Press Release – 8<sup>th</sup> February 2007 Flextronics - Czech Republic

### Flextronics Select Access Control & Time & Attendance in the Czech Republic

Flextronics have rolled out the integrated **CoreAccess**, **CoreTime** and **CoreBadge** solution in their Brno site in Czech Republic.

Flextronics is the leading Electronics Manufacturing Services (EMS) provider offering complete design, engineering, and manufacturing services to aerospace, automotive, computing, consumer digital, industrial, infrastructure, medical and mobile OEM customers. With a network of facilities in over 30 countries, Flextronics helps customers design, build, ship, and service electronics products worldwide.

**CoreBadge** enables Flextronics, Brno to design and print identification cards according to their requirements. Photos can be captured using a video camera and stored in the system. The best practice "One Card" approach will be adopted providing a single card for Visual ID, Security Access Control and Time & Attendance

The **CoreAccess** solution provides for the distribution of intelligent Access Control terminals from Kaba Benzing and the fully integrated Core Enterprise Wide Access Control Software. **CoreAccess** provides real time online control enabling you to ensure on-site security and safety. The online system enables immediate validation at control points. **CoreAccess** provides a seamless and unobtrusive solution to all Flextronics on-site security and safety needs.

A key feature of the **CoreTime** solution was its ability to record, summarise and present key Time & Attendance information and make adjustments through a single point of entry. **CoreTime** provides Flextronics, Brno with a clear picture of employee time management through detailed data and reports on attendance, absenteeism, overtime, flexitime and holiday leave. **CoreTime** is fully integrated with the leading-edge Kaba Benzing Hardware devices for Time & Attendance.

This contract further strengthens TDS Ltd's position as a leading provider of integrated Access Control and Time & Attendance solutions to multinationals.
