Press Release – 10th October 2008 Dun Laoghaire Institute of Art, Design and Technology

Dun Laoghaire IT Select TDS for Time & Attendance Hardware

The Dun Laoghaire Institute of Art, Design & Technology has selected TDS Ltd's **Kaba** Time & Attendance devices to integrate with their CoreTime module.

Dun Laoghaire Institute of Art, Design & Technology (IADT) was established as an autonomous higher education institution within the Institutes of Technology sector on April 1st 1997. Today, IADT has 1,650 full-time students, 800 part-time students and is set to grow to 2000+ full-time places. IADT has built an international reputation in the creative, cultural and digital media sectors and is also a valued educational and enterprise partner in Dun Laoghaire/ Rathdown and the wider Dublin and East Coast region.

The Institute selected the **Kaba** B-Net 93 20 and B-Net 93 40 devices to integrate with the CoreTime module. The proposed devices have graphic, transfective LCD display to show time and attendance information. There are 5 function keys which are configurable to the Institute's unique requirements i.e. official absence, balance query, flexi time balance, etc. The proposed **Kaba** hardware can be used with the Institute's existing Mifare staff cards.

The roll out of the **Kaba** Hardware has provided Dun Laoghaire IT employees the ability to view hours, leave, balances, etc at the clocking terminal and retain control of their working hours. This employee empowerment process significantly reduces the administrative burden on the HR and Payroll departments.

This contract further strengthens TDS Ltd's position as a premium provider of cutting edge solutions to the education sector.
